Subject: RE: Contact for 2nd Gen. Rodenticide Assessment: Mill/PUR Data
Date: Friday, November 08, 2013 9:19:00 AM

I just read through this and will need to add the usage info for the 90's. I am at home, just drank half a pot of espresso and plan to focus on the usage data spreadsheet today.

Hi Rusty,

Sorry, I should have added that the PUR data he sent me only went back to 2000. If you can't pull the info you need for 97-99 from the web, let me know.

Ann

I checked the files that Larry Wilhoit sent me back in May and found the sales info for 92-99. Just from a quick look, the 97 sales of brodifacoum look off.

Let me know if you have any questions and I'll see what I can find out for you.

Subject: Contact for 2nd Gen. Rodenticide Assessment: Mill/PUR Data

Good Morning Debbie, Ann,

I spoke to both of you about a year ago on the estimates you did comparing the mill assessment

data to the PUR data. My eco team on rodenticides has asked me for similar info by year instead of an average of the years that is presented in the 2nd Gen. Assessment. They have also asked me for more years (97-13) than are presented in the 2nd Gen. Assessment. Is there a spreadsheet that has the Mill/PUR date that you used for the 2nd Gen. Assessment that you can share with me? Also, by chance do either of you know when the 2012 Mill and PUR data will become available?

Thank you in advance for any input you can provide here.

Regards,

Rusty
